# Travelling to Czechia & Means of Transport

## VISA Regulations

Czech Republic is a member country of the European Union, so only teams from certain countries are obliged to obtain an entry visa for their entry into Czechia. Citizens of the following countries need an entry visa when traveling to Czechia: **Russia**

Citizens from **Bosnia and Herzegovina, Montenegro, Georgia, Moldova, North Macedonia, Serbia** and **Ukraine** do not need a visa in case they have a biometric passport.

Please contact the event manager Kryštof Novák via e-mail to obtain an invitation letter.

## Travelling and COVID

At the time of publishing this Invitation, the regulations regarding travelling to Czechia are very strict. Professional sports events are allowed, but all team members, players and organizers need to have a negative COVID test not older than 5 days. Multiple tests will be mandatory during the event week. We will do our best to make this process as safe and simple as possible for all of you. Please note that there might be added costs to all team members because of this.

We are watching the situation closely and will give you updates as the event gets closer. More info about COVID on page 24.

## Means of Transport

Getting to Benešov is quite easy thanks to its proximity to

Prague.

**Arriving by plane** - The closest airport is Václav Havel Airport in Prague (PRG), which is a destination of many international airlines. If you travel from inside the EU you will arrive to Terminal 2, if from outside the EU, you will find yourself in Terminal 1 upon arrival. Terminals 1 and 2 are next to each other with a 5 minute walking distance between them.

**Transfer from the airport to the tournament venue and back** - You can choose between three options when you are traveling between the airport and the tournament venue.

1. Car rental - We encourage you to choose this option, as it is the safest for everyone. It is better to travel in a car with your team mates, than to use shuttles or crowded public transportation. There are many different rental options for you, we are trying to get better deals for you, we will inform you when it happens.

2. Tournament shuttles - We will provide shuttle transportation directly from the airport to the tournament centre according to your needs. We will send a Google Form a month or more before the event to find out which teams are coming on which days and who is going to need a shuttle. We will schedule the shuttles according to that information.

3. Public transportation - There is no rail at the airport, which means that the only option to travel between the airport and Prague city centre is the bus. The best way is to take the Airport Express (AE) bus to Prague's main trainstation and then continuing by train to Benešov. The bus stops are right in front of both terminals. The bus goes every 30 minutes and the ride takes about 33 minutes. Basic fare is 60 CZK. Cash is the only payment method on buses. Trains from Prague to Benešov (the closest town) go every half an hour during the day. You can find your connections [here](#). You are looking for a ride from "Praha hl.n." to "Benešov". When you arrive to Benešov you can use a taxi to get to the tournament centre or to your accommodation.

**Arriving by car - Directions to Konopiště** - If you are traveling by car type Hotel Nová Myslivna to Google Maps and it will lead you directly in front of the tournament centre where you will find a huge parking lot which you should use.

If you need the whole address, here it is: **Hotel Nová Myslivna, Konopiště 22, 256 01 Benešov, Czech republic.**

**Parking** - There is a huge car park right next to the park and just 50 metres walk over small bridge to tournament centre. All event participants can park here for free. The small parking lot next to Hotel Nová Myslivna is only for hotel guests.

There will be 4 rounds (50% cut + ties for the 4th round), 1 round per day, golf start.

Tie-brakers to decide winners - sudden death play-off on a sequence of holes. Divisions playing Franz Ferdinand - 1, 17, 18 and repeat. Divisions playing Konopiště Meadows - 16, 17, 18 and repeat.

## **EDGC**

## **EJDGC**

There are two divisions, MJ19 and FJ19. The age limit is adjusted so that all players who qualified in 2020 can play in their division even in 2021. That means juniors that are born in 2002 can participate. MJ19 will play the 2021 Franz Ferdinand course, FJ19 will play the 2021 Konopiště Meadows course. There will be non-cash prizes and medals for top 3 players in both divisions. There will be a total of 57 players.

## **Practice**

# EMDGC / EJDGC (FJ19) course Konopiště Meadows

Please note that this might not be the final map yet. We already made some small adjustments, but more might come. Will be published before the end of June.

# COVID

We are honoured that we are the ones organizing this year's European Disc Golf Championship. The unprecedented growth of disc golf is very strong in the Czech Republic and we can't wait to push it to an even higher level thanks to this event.

However, COVID hit our country just like any other country in the world and problems came up. That is why we had to lower the prize money a bit (at least for now), to get some manoeuvring room to solve extra problems and costs that might come up.

We follow the situation and restrictions in our country very closely and try to have up to date information about restrictions in the rest of Europe as well. We are coordinating everything closely with the EDGF and local authorities.

At the moment, professional events are allowed, with no spectators and regular testing of all participants, team members and organizers. We hope the situation gets better before August so we can hold the best EDGC there ever was. We will always strive to make it safe for everyone.

Please follow the [edgc2021.com](https://edgc2021.com) website closely for up to date information.

Thank you all, we hope to see you in August 2021 at Konopiště!

Kryštof Novák, event manager
